in·no·va·tion

[in-uh-vey-shuhn]

–noun

1. something new or different introduced.
2. the act of innovating; introduction of new things or methods.

The Downtown Club at Houston Center
1100 Caroline St., 11th Floor
Houston, TX 77002

Cost: \$30

Join us for the Smart Business Live Luncheon in Houston and hear how innovation drives success in business from a panel of executives who have used it to affect change and drive growth.

Featured speakers:

John Allen

president & COO

G&A Partners

John Allen has built one of the preeminent PEOs in Texas by reengineering how employers approach administrative, HR and accounting functions.

Darron Anderson

CEO

Express Energy Services

Darron Anderson's dynamic vision for what the energy services industry could be allowed him to build Express Energy into an innovative leader.

David Petratis

CEO

Quanex Building Products Corp.

David Petratis positioned Quanex for long-term growth in a battered industry through bold risk-taking and stretching his company's brand.
